2015 - The Year of Action

Hello Americans:

I enjoy saying that. We are Americans, and in 2015, I will not use any hyphens. No African-American, Latino-American, Jewish-American, Christian-American. America is a *noun*, not an *adjective*. America is not described by *adjectives*. I am done with *that nonsense!* We are all simply, and truly AMERICANS. My first action!

Over the past 4 years, I have been dedicated to writing and talking the truth, in order to educate others, so we are capable of having educated conversations.

This year I will focus on ACTIONS.

Campaigning and talking to Americans for the last year taught me a lot. We are all suffering from the same problems. Due to our poor education, yes...we all had a poor education - we no longer communicate, and rarely act.

Why, I ask, has the most VOCAL, FREE SPEECH country, in the Entire World...

GONE SILENT?

There is only one answer:

Because that is what we were taught to do.

We were taught to be the Silent Majority, and we learned it *too well*.

The good news is, anything learned can be unlearned.

EVEN OLD DOGS CAN LEARN NEW TRICKS!!

We have known all along that the elephant in the room was/is Communism - but we are afraid to even utter the word for fear of??? What? That we will be called names? Sticks and Stones, my friends. Time to get over that, ASAP.

By being SILENT, and not talking, we have allowed the Communists to gain control of the media, and schools from preK-16.

WE ARE SILENT WHEN:

The Constitution, Civics, American History, and American morality are removed from schools.

Massive Social Programs, Drugs, and Propaganda replace Reading, Writing and Math.

The Media, Games, and Movies promote violence and abuse promote violence, abuse, and disregard for human life.

Dysfunctional families, actors and artists are held up as role models.

God, morality, and accountability is removed from our public view.

We abuse our friends & allies (Israel, UK) - and placate our enemies.

While we watch our leaders lie, tell us they are lying, and we accept their lies...*We SAY AND DO...NOTHING!!*

How low can you go as an individual when you are told," This is a lie," - but you will do it anyhow?. That reminds me of my mother saying, "Karen, if your friends jumped off the Empire State Building, would you follow? - or will you think for yourself?" I was a rebel, I would not follow.

Aren't we doing the same thing now?

Jumping off the building is just like following fraudulent laws?

Just because of what we are afraid of???

WHAT? WHAT ARE WE AFRAID OF?

I know in school you were taught that your voice doesn't count - BUT IT DOES.

I will show you HOW.

My question is: Will YOU use your VOICE?

Throughout out 2015, the research team of the AgEnders will explain Communism, how it works, and most importantly...what we are losing by our *SILENCE*.

Every American agency, program, and policy is wrapped in Communism - *the opposite of everything America stands for.*

You will be asked to CHOOSE...

Today, right now, this minute, before you go any further, *choose.*

Do you want to follow the Constitution?

OR Communism?

Let's Define Each:

CONSTITUTION: promotes ownership of your life, liberty and property (real or intellectual) - *BY YOU*. All of your rights as a human are granted by God, and can NEVER be erased. Your choices in your life..are yours.

COMMUNISM: promotes ownership of your life, liberty and property (real or intellectual) - *BY THE GOVERNMENT*. Where you live, **IF** you work, **WHAT** your work profession is, **HOW** many children you can have, **WHAT** you will eat or not eat, **IF** you get to own property (home, car, boat, etc.). Not to mention, **EVERYTHING YOU DO OR SAY** is **MONITORED** by the Government. **NO MORE PRIVACY IN YOUR OWN HOME!**

All of your rights as a human are granted by Government - and can be erased and taken at any time. The Government gives you *a choice that they decide for you*, like Obamacare gives you a choice of 4 plans. Your choices in your life...*are limited to what the Government DECIDES you get to have.*

DO YOU REALLY WANT TO LIVE THIS WAY?

(Are you Man? or Monkey?)

In 1963, the 45 Goals of Communism were read into the Congressional Record, as a warning of a bleak future - *if we did not pay attention.*

Let's see what goals are hit by eliminating the Constitution in schools?
Look at Goals #12, 29,30, 31.

REMEMBER:

- Everything is Connected
- Everything happens for a Reason
- Nothing is Random

- **Everything is Planned**
- **EVERYTHING IS A LIE**
- **Every Program is connected to Communism**

If your choice is the Constitution, there is work to be done!

If your choice is Communism - just sit back and watch the Government *regulate everything you do and own...* as they are watching you!

Eventually you will be living in a shipping-container house, like in Detroit:

The Communists will make sure EVERY CITY is like Detroit - their model city for *Sustainable Development...* That means YOUR CITY, too!!

So what can we do?

Not to act...*is to act!*

ARE YOU SPITTING MAD, YET?

DON'T JUST SPIT! - DO THE ACTION PLAN!

(Frank - the Spitting Mad Camel)

ACTION PLAN

- 1. Read and understand the US and your State Constitution. Confused? - Just ask. Share the information with your family and friends. Once a day, just one paragraph. Read and discuss. If you don't have a copy, just get it online.**
- 2. Demand the Constitution be taught in school, not on just one day *but every day until it is understood*. Write letters to editors, email and make calls to politicians. Attend school board meetings. Confront and demand the Constitution be taught in your child's school.**
- 3. Adjust your shopping habits, and only buy from companies supporting America and Made in America Products. Your power of the purse is the only thing they will understand. Demand American goods!**

This past week, I demanded fish from America at Winn Dixie. The manager told me that if everyone would demand American fish, eventually we would have American fish. Imagine what that would do for the U.S. Fishing Industry, and Florida's Fishing Industry.

- 4. Talk to 3 people out of your comfort zone...while standing in line some place. Tell them what is going on...Ask them What is YOUR choice, The Constitution or Communism?**
- 5. Listen to the radio show listed below in this newsletter. Call in and VOICE YOUR OPINION.**
- 6. Share this email with 5 others, and ask them to do the same. Ask them to SPEAK UP! Ask them to USE THEIR VOICE!**
- 7. Share with 5 and continue to share.**
- 8. Make plans to join us at the RED WHITE BLUE Fest on May 1-3.**

[Red White and Blue Fest National Patriot Rally – constitutionalpatriots.org](http://constitutionalpatriots.org)

9. Learn your Rights, Freedoms and available action plans with other like-minded Americans.

Nothing I have asked you to do is hard, or expensive. But requires action. Will you use your Voice? If not you, then who? If not now, when?

The ultimate question you must ask yourself is: Do YOU want to remain Free?

**Do YOU like the idea of TOTAL Government CONTROL OF YOUR LIFE?
Government Control of Where YOU live, Work or Play?**

What about your kids, and grandkids...?

Will you USE YOUR VOICE NOW, before the American Dream dies completely?

Will you use your VOICE NOW - BEFORE ITS TOO LATE?

OR will you CHOOSE COMMUNISM... and REMAIN in the SILENT MAJORITY?

In Liberty,

Karen Schoen
