1 Minute to Midnight: Did you know there is COMMUNISM IN AMERIKA?

Americans:

If you READ my last newsletter, you understand that America is dealing with NAKED AGGRESSION...and what THAT means!

So, I HAVE TO ASK: Whatcha Doin'...ON THE BACK OF YOUR BUTT?

It's 1 Minute to MIDNIGHT...

AND YOUR WAY OF LIFE IS SLIPPING AWAY...FAST!!!

IT'S WAYYYY past time to DO SOMETHING!!

It is PAST time to have a SERIOUS conversation. We can't keep doing the same things over and over again, and expect different results! With this in mind, and considering the Lateness of the Hour...

I MADE A DECISION TO PUT IT ALL ON THE LINE!

(Not this kind of Line!)

We have decided to write a series of Newsletters, with specific *focus* on ISSUES and LIES...being sold to the American people. Each issue will be accompanied by the following:

- **Brochure**
- **Affidavit (a statement of FACT)**

- Demand (Stating what ACTIONS you want your Legislator to DO).

This course of action requires NO ATTORNEY - just you being an American - fighting for Freedom and Liberty, just like our Founders. All information can be found on the Brochure page at:

**<http://agenda21today.com/> OR
http://americanfreedomwatchradio.com/?page_id=327**

IF YOU CARE and WANT TO CHANGE THINGS...Use the information in the Newsletter to

AFFECT CHANGE NOW, BEFORE IT'S TOO LATE!

WE, THE AMERICAN PEOPLE, ARE BEING LIED TO ON A CONSISTENT, DAILY BASIS.

Government programs are built on LIES AND FRAUD.

Therefore by COMPLYING with the LIES, we are being asked to commit FRAUD.

That is the Basis of Communism: The Ends... justify the Means.

In a landslide election, Americans ousted the Lies and Fraud of Obama's policies. They demanded a CHANGE, a change in Direction and LEADERSHIP of this country.

So what did we get? A Republican group that is snatching Defeat from Victory... to give the Regime exactly what they want, instead of being LEADERS. If this is not

more proof that we have only one party, the Republicrats...I don't know what is.

What is hidden by the Republicrats is that their POLICES... are also COMMUNIST POLICIES!

Big government owning land and industry are the Essence of COMMUNISM.

COMMUNISM promotes ownership *BY THE GOVERNMENT*.

America promotes ownership *BY THE INDIVIDUAL*.

These are 2 Opposing Views!

Therefore, to promote COMMUNISM...means you must DESTROY the US Constitution!

To DESTROY the Constitution means... COMMITTING TREASON.

I will not follow these policies. I WILL NOT COMPLY WITH COMMUNISM.

I will NOT lie down.
I will NOT go quietly.
I will NOT submit.
I will NOT roll over.
I will NOT comply.
I will NOT sit down.
I will NOT shut up.

THE QUESTION IS, WILL YOU?

I wonder if people understood the goal of COMMUNISM, would they be so happy to comply?

Gruber was wrong, Americans are not stupid, they are IGNORANT by design. Communists only allow one for one discourse, THEIRS.

There is NO room for any opposition, NO alternative point of view.

Communists believe that the ends must justify the means - so truth is not an option. Communists believe, IF YOU TELL A LIE LOUD ENOUGH, AND OFTEN ENOUGH, it will become REALITY!!!

Before we go any further, let's understand what Communism really means: Everything, and I mean everything, is held in common by the government to make it "fair".

Under a Communist regime, there is NO INDIVIDUAL OWNERSHIP of ANYTHING!

The state (government) owns everything.

The government owns you, your family, your business and your real estate.

All of this is so the government can maintain "JUSTICE" OR "FAIRNESS".

Their goal is to replace AMBITION, DRIVE & DESIRE...

with Compliance & Mediocrity.

Mediocre people require LESS from their government, leaving MORE for the Regime.

In order for people to "want" to give up everything they own, the Regime must LIE, regulate, TAX, eliminate competition, cause discontent and demonize all opposition...until people are sick and tired, and just give up fighting it.

The regime can not ever allow people to talk to each other for if they did, they would uncover the lies. Communists cannot allow open discourse, so they make up the "truth" as they go along.

Under COMMUNISM: There are no Facts, there is no Truth.

YOUR Reality is Provided by, and Defined by... the Government!

Is that how *YOU* want to live?

Knowledge of history gave our founders the edge, as they tried their best to ensure that America is not a land of social justice and income equality. They believed in equality under the law and equal opportunity. They packed the constitution with safe guards and promoted education of all - to ensure that the constitution, civics, history and economics were learned by all Americans.

Yet, over the years - Americans lost sight of that. Power corrupts, and absolute power corrupts absolutely. How did this happen? AMERICA was eliminated from schools. When people do not know their rights, it is impossible for them to fight.

Why is history important? Why did our framers study different kinds of governments in order to come up with America? Those of us who studied the ancient philosophers learned from Plato about the theory of knowledge and the stages of governments. Knowledge is not subject to shifts, opinions and changes. Knowledge must be the same for all people at all times. In essence, that is the only way to be "FAIR". (Where did I hear that, before?)

Following Plato's teaching our constitution provided equality under the law. Our Framers read Plato's *Republic*. Did you?

[Plato's five regimes - Wikipedia, the free encyclopedia](#)

Plato determined that Governments pass through stages, and only morality (God-based- on-truth) governance...can stop Tyranny.

ARISTOCRACY: Governments were always ruled by a King, the goal was a king with wisdom, morality and reason. Although the king was "fair" to his subjects, the people owned nothing unless you did favors for the king and the last word was the king's. People who own nothing...are slaves.

TIMOCRACY: Replaced Aristocracy with those more concerned with military conquests, fame, fortune and power. Slaves were considered the spoils of war. Worth was determined by the amount of slaves and material wealth. Only property owners (friends of the king) may participate in government.

OLIGARCHY: Timocracy morphed into an Oligarchy, wealth became the determining factor. Politics was determined by those with wealth often eliminated those with less from the political arena. The voice of the poor was silenced. Class distinction determined policy. The poor slave class grew.

DEMOCRACY: Oligarchy grew into a Democracy as the poor grew. The poor began to reclaim their voice, freedom becomes the "supreme good". Everything was created in the name of fairness. People were offered whatever they wanted. Even breaking the law was OK as the poor were placated. With a few well chosen words the ruling class allowed "free assembly", knowing full well that eventually, MOB RULE will prevail. Once there is chaos, the people give their power to the government to maintain order...and then...

TYRANNY: The Democracy became Tyrannical. A champion comes along who uses deceit to accumulate all the power, no moderation; "my way or the highway." The Tyrant is consumed with desire and begins the elimination of all dissenters. Usually, the government officials who help get him in office are the first to go. The Tyrant will do anything, including lying and murder...to maintain power and control. Often, this behavior causes his own demise. Tyranny follows the communist philosophy where everything was "held" in common by the tyrant for the "good and fairness" of the people.

William Federer, historian, of americanminute.com describes the philosophy of past rulers - which gives you the background to grasp where America is today.

Our founders believed that man...was capable of *ruling themselves*.

America was created on that principle, and using the good concepts from governments of the past -

The American Experiment was Born.

History played a huge role in the experiment. The Founders believed that an educated citizen was the best insurance for checks and balances against tyranny (aka communism). The Framers provided the laws for all to be equal. They realized that if a Democracy was followed, all citizens must meet regularly to study, present and vote on all future issues.

To them, our job as Americans was clear: study and learn the Constitution, Civics and History. They realized that having all citizens meet was out of the question, due to the vast travel requirements - so they decided that the citizens should elect others to REPRESENT them at such meetings. This would only work if the citizens were educated, got involved, and held elected officials responsible for their will.

This worked out well, until the Lies and Deception of those in Power...outweighed the Truth.

The final nail in the coffin was the Dept of Education (DOE), and the ELIMINATION of American History, Civics and the Constitution!!

As Charlotte Iserbyt calls it, "the deliberate Dumbing Down of America."

Unable to gain a foot hold in Hitler's Germany, the Communists came to America in full force. With the aid of the FBI, "Operation Paperclip," their names were changed and these Communists, who's only goal was to get your stuff, infiltrated the Science, Mathematics and Education industries. Using the tactics described by Hegel, called the Hegelian Dialectic: Crisis, Scream, Control...Goebbels applied this to politics.

Goebbels, Hitler's Minister of Propaganda, used disinformation (lies) to control the German people. The environment was one the favorites. Everyone wants to save the planet so what better way to divide groups then conservation. The weather was not cooperating with the German farmer. Cold and drought were destroying crops. It was easy to blame the failures on the Jewish industrialists (aka polluters). The Communists, our new teachers, in America saw the success of Hitler, and were determined to emulate the same program in America. Community organizers had one job: Find the weakness of the community, and exploit it. Environmentalists are used to demonize all who "don't want to save the planet."

Environmentalists in your child's school tell them that the WorldWatch Institute determines that the military are the biggest Polluters of the Earth.

Therefore, to SAVE THE PLANET...and FUND CONSERVATION programs, money should be taken AWAY from the Military.

WHAT ARE WE DOING TODAY?

Hitler understood that the most efficient way to unify Germany - was through a new educational regime. The education programs from the new DoE copied Hitler's program to a "T". Regardless of the name of new programs, all followed the same idea: Training to work, not education. Values used to replace facts, individualism demonized for the good of the collective. Replacement of God with government, family with school and the US with the UN. Common Core is the latest name change.

Entire communities were exterminated; family lines were disseminated; historical artifacts were destroyed, lost or stolen. Indoctrination was not complete without a particular focus on Racial Purity. Indoctrinating the children of Germany would ensure the party would have a powerful following in the future. Hitler would be proud of the final version of American indoctrination called: Common Core.

"In order to facilitate this process, all teachers were examined by the Nazis to make sure they were teaching the "appropriate" curriculum. "Munich professors [were warned]: 'From now on it is not up to you to decide whether or not something is true, but whether it is in the interest of the national Socialist Revolution."

Americans ignorant of history will continue to make the mistakes of the past. The wonderful thing about history is, we get correct the mistakes.

Communism is the opposite of Individualism. Our Framers of the Constitution knew that exceptional individuals working together, all equal under the law - creates incredible things in an incredible country. They created America as a place, belonging to all American citizens who could own themselves, their family, businesses and land.

In America, we learn the land and resources belong to Americans.

Government officials have *no right* to sell any of this land or resources to any foreign entity, as it belongs to the people. If Americans lived off its resources, Americans would live TAX-FREE.

If those resources are sold to Corporations, the profit goes to the Corporation, not the people.

The regimes steal from the people, and often *promise* land and resources to others, for votes diluting American portfolios.

Once illegals are able to get Entitlements, they dilute American portfolios.

This is why Simple Math is no longer taught.

If your town has 4 people and each of you gets 1/4 of the profit of your town's resources like oil, you each get 25¢ from each dollar made. If you bring in 96 more people each of you will only get 1¢.

Which is better, 25¢ or 1¢? Now you Get It.

That is the REAL COST of Illegal Immigration.

The money is coming RIGHT OUT OF YOUR POCKET -

to go to someone who committed a CRIME...

Because politicians want MORE VOTES...

and Corporations want CHEAP LABOR! (SLAVE LABOR, THAT IS!)

When any of the components requested by our founders were altered, disaster is the result. Communism is the elephant in the room. The Art of War teaches us to isolate the enemy before a battle.

Communism is the Enemy, so let's fight the same battle: The enemy of Communism; not each other.

ARE YOU SPITTING MAD YET?

Don't just Spit! You CAN do Something!

We believe in truth, education, conversation and action. Let's see what ACTION we can do. Our solution for America is to ELIMINATE Communism:

- **Stop Communism.** Communism is the opposite of everything America represents. Practicing communism means the overthrow of the Constitution. Overthrowing the constitution is TREASON. Florida has a law prohibiting communism in the state. It is punishable by a jail term and fine. Title XIV, Section 876.01 of the criminal code. See if your state has the same law.
- **Work within the THE LAW - Common Law, the basis of our Consitution, *not statutory law* - which is created by man - *to steal your stuff*.** Once you learn the material, send a brochure, and Affidavit and DEMAND that our district follow Common Law...to your elected official. Put them on notice!
- **Eliminate the "Silent Majority."** You can't hold anyone accountable if you don't communicate. Talk about Communism.
- **Stop Political Correctness, which is pure censorship.** Tell the truth. Talk about Communism.
- **When LANGUAGE has no standard and is not Universal, conversation can not take place.** Demand English as the Official Language of the U.S.
- **Learn the Constitution.** Challenge unconstitutional laws, as they are VOID.
- **Understand YOUR Rights come from God, not man.** Whatever man gives, man can take. The government is made of man.
- **Demand American History, Civics and the Classics return to schools.** Why are we paying for Communist indoctrination?
- **Close the border.** No nation can exist without a border and sovereignty.
- **Demand that those who come here, assimilate.** Diversity is the death of a country.
- **Stop accepting Lies, [Stop Funding Fraud](#).** Sign the petition. Demand the truth. By forcing us to comply with programs rooted in fraud, we are committing fraud. All government programs are based on FRAUD.
- **Work with your Representative to make sure they REPRESENT YOU!** Attend meetings whenever possible. Stay in constant contact with your Rep.
- **Stop accepting minority rule.** The Communist ideology is the minority. Stop accepting it.
- **Learn from the left.** In the 60's the boycott was very successful in stopping or changing policies. Boycott is the tool of communists. Time to make it a tool of Americans. Look before you buy. If you don't like the politics of that company, don't buy. Money drives the engine. Withholding money stops the engine. If you don't like the game, stop playing. Only you can stop being a "useful idiot".
- **The regime had no right to take our money and give it to corporations to subsidize them to build overseas.** Demand American goods. End subsidies.
- **Share information with friends, family and neighbors.** Talk about politics and religion. Never shout, listen, ask questions but always tell the truth.

There are many more things we can do as Americans. Don't get discouraged! This is a never-ending battle. Only those with knowledge will survive in freedom. It is

natural for humans to seek power for themselves. Remember: Power can be used for good, or evil.

Regionalism, NGO, CCS, PPP, environmentalism, global warming fraud, ACA, immigration, debt, sustainability are all part of the same FRAUD programs, called Communism.

Practicing Communism in America is TREASON. Never trust the words of politicians. Look at the actions of those you trust with your power.

Communists indoctrinate at every opportunity: If you sign up for Denver college professor Charles Angeletti's American Civilization class, be forewarned that you're going to have to recite his invective-filled 'New Pledge' and according to some of his students, also be ready to swallow a big helping of his politics. Angeletti, teaches at Metropolitan State University of Denver. PARENTS, YOU ARE PAYING FOR THIS.

"I pledge allegiance to and wrap myself in the flag of the United States, Against Anything Un-American and to the Republicans for which it stands, two nations, under Jesus, rich against poor, with curtailed liberty and justice for all except blacks, homosexuals, women who want abortions, Communists, welfare queens, treehuggers, feminazis, illegal immigrants, children of illegal immigrants, and you if you don't watch your step."

Political Prisoners in America?

TRUE!!!

Did you know that Obama released more illegals from jail into the general population? Did you know he released 5 more detainees from Gitmo?

Did you know we have political prisoners in America? These people were imprisoned for speaking out against tyrannical leaders who ignored the Constitution.

I know of 2 political prisoners in Florida, I am sure there are more. *Are there any in your state?* Please let me know.

The Best Christmas present...Ever...!

This week one of our Chanukah/Christmas presents arrived early. Being curious and unable to wait, we opened it. It was the movie,

America - by Dinesh DeSouza.

I don't care where you get it but America is a MUST SEE.

AMERICA is a MUST GIFT.

This history is not in your child's school. Buy it, view it, discuss it and give it as a gift. There is no way to get a clearer understanding of how your child has been corrupted, than by seeing America.

See it together, invite neighbors or your club for a movie night. Coming together is the only way to reclaim America. Breaking PC and the truth are the only answer.
