FEEDING FRENZY!

Everything I have been alerting people about for the last few years in now ALL OUT in the open, in FULL FORCE!

Remember the interviews, when you thought I was *nuts*? Agenda 21 can *never* happen...It's like a Florida alligator, JUST WAITING TO STRIKE!

Last week, *The Blaze* devoted their "*For the Record*" program to *Wildlands*...(aka

Agenda 21) land grab. Take a look:

<http://www.theblaze.com/shows/for-the-record/>

Show date 12/03/2014

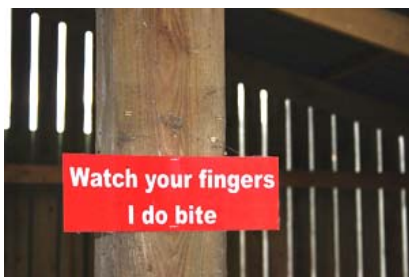

This is what we can expect... as a result of Amendment 1's passing.

Put that together with the Restore Act, and it's *BUH BYE!*...Private Property in Florida!

The Panhandle is their next target!

We have NATURAL SPRINGS and WATER!

You can find all of the environmental maps on: agenda21today.com
Check Frontier of Evil articles on Regionalism, and all of the Communist environmental programs.

If you have not seen takingliberty.us, check it out. Dr. Coffman describes all terminology regarding LAND. Land is the only thing that lasts, the only thing worth

fighting for... and so, according to the UN, private property *creates income inequality* - and must be held by the Government - not individuals (aka Communism).

We need more conversations to alert more people!

Amendment 1 is a SCAM...and Floridians *FELL* for it!

We have one problem called.... COMMUNISM.

ALL government programs are run under COMMUNISM -

which, by the way, is *Illegal* in the State of Florida:

Criminal Code Title XLIV Chapter 876.

Fighting them separately is exactly what the Liberal Left wants!

We need to come together, and fight this as one battle!

CCS, Regionalism, NGO, Wildlands, Wetlands, Blueways, Greenways, PPP, Gun control...

all designed to eliminate private property ownership...

All Communism.

(Was that a Clarifying Moment for You?!)

It is most important that we understand that:

- **All government actions have a reason, there are no coincidences. Everything is pre-planned.**
- **America revolves around money - eventually ALL your wealth will taken by the Government.**
- **All Government plans are based on LIES. There is a Gruber in every government department.**
- **The passing of the \$1.1 Trillion Cromnibus is a perfect example of the one-party system, where the Communists in both parties control the members. The Communists are following Plank 15 of the Documentation in the Congressional Record--Appendix, pp. A34-A35**
- **January 10, 1963, *Current Communist Goals***
- **EXTENSION OF REMARKS OF HON. A. S. HERLONG, JR. OF FLORIDA. IN THE HOUSE OF REPRESENTATIVES**
- **Thursday, January 10, 1963...This bill was a payback for the donors of both parties: More Private-Public-Partnerships, more subsidies for favored-company Donors. More of *your* money, to make *them* richer.**

The good news, coming from this disgraceful piece of TRASH that no one read - BUT WE WILL PAY FOR...is that *both sides of each party* representing the American people...CAME TOGETHER to try to stop the bill. (When do you LAST remember *that* happening?)

Let this be a teachable moment to come together. Never let a crisis go to waste, TALK TO YOUR NEIGHBORS.

Are you SPITTING MAD, Yet?

Don't just SPIT... Here's what YOU can do!

(Frank the Spitting Camel)

- **TRUTH:** Read the information below, and ACT!
- **EDUCATION:** Demand that economics and finances , true math be returned to our schools.
- Money, the biggest driver of America has purposefully been eliminated from school so more Grubers can lie to the people.
- **CONVERSATION:** Your children, many of your legislators, friends and neighbors - *have no idea about the economy, and property rights and do not understand the impact of the Federal Reserve with loss of private property on their lives!* They can easily be fooled regarding trade agreements, the Fed, the Debt, and Illegals. *It is your job to teach them.*
- **ACTION:** Sign and share the petition to end the Fed:
- <http://petitions.conservativeactionalerts.com/bill/federal-reserve-transparency-act-2013/>
- **BOYCOTT:** This tactic was extremely successful in the 60-70's. Whenever the left was against an ideology, they boycotted the company supporting the issue. The boycott was xtremely successful. If you want American jobs returned, demand American goods and services. While shopping last week I made that statement at my local grocery fish department. I asked, "where are the fish from America?" The manager came out from behind the counter and we had a conversation. He told me in the end, "If only more people would do what you are doing, the store would have to get American fish." It is not hard folks, but you have to act.
- **SHARE:** Print and Distribute these brochures: http://americanfreedomwatchradio.com/?page_id=327
- **SIGN:** This petition, and share with others to: stopfundingfraud.com

Land Trusts steal private property. Stop Land Trusts.

Land trusts get public money to steal private property, through easements, all under the name of "Conservation." Billionaires are stakeholders in land trusts: Soros, Gates, Bush - just to name a few. Their goal, is your land. Stopping land trusts in just one state - gives ammunion for other states to stop them too:

We can not change anything - if we do not understand the Issues - and pull TOGETHER to fight them!
