

## *America's Red Dawn?*

Karen Schoen, karenschoen.com, kbschoen@bellsouth.net

While everyone is interested in the Iowa Fair, as we should be for a few minutes, let's see what is happening NOW that affects us around the country. Let's connect a few dots.

Over the last few years I have been reporting on the real state of the earth's climate. Why? Because the lies and miscalculations will affect us immeasurably. How, you say?

Those of us who follow truth in science know that ALL agencies are LYING. They even tell us they lie, and yet no policy changes! The promotion of these lies lines the pockets of the latest Green industry, a new \$1.4 Trillion industry based solely on government regulations, not reality. Wall Street and the Government use the fear of humans destroying the earth to destroy industries, providing cheap energy.

Why? Energy is Power.

**Elites believe NO ONE can have Power  
without Government Control.**

**Money, Power, Control...  
are the *motives*, not saving the planet!**

Those of us who follow John Casey, at [Space and Science Research Center](#)

...know humans suffer as earthquakes, volcanoes and extreme weather events cause the earth to cool. These NEW weather patterns create MASSIVE FOOD SHORTAGES.

Once this plan (Agenda 21 / Obama's new climate plan) is complete, CHEAP electricity goes bye-bye - and becomes a long-lost memory of the PAST.

Will Americans suffer from HIGH ENERGY PRICES during the eminent cold (predicted by the Farmers Almanac)?

[\*\*REFRIGERNATION: 'Farmer's Almanac' predicts 'super-cold' winter\*\*](#)

Americans will suffer blackouts, brownouts and limited electricity...just like Europe!

## **Will Americans *FREEZE*?**

UN Agenda 21/Sustainable Development is based on LIES, designed to hit the Guilt Button. Making Americans feel Guilty...is the easiest way to pass horribly damaging government regulations and controls, all WITHOUT A FIGHT or discussion from the public. Truth and common sense are thrown out the window, once Guilt sets in.

**So what can guiding Americans  
down the wrong path accomplish?**

## **One goal of Agenda 21 is DEPOPULATION.**

This month, we learned that Putin just destroyed tons of food... while his people STARVE!! Sound familiar?

Look at Venezuela. Don't think it could happen here?

Ecuador and Japan are suffering from volcanic action; while CA, NJ suffer from earthquakes.

Why is this NEWS not widely reported? Because if it WAS, the Greenies would HAVE to admit they are WRONG!!

They would have to warn Americans to prepare for FOOD SHORTAGES.

Remember Mt. St. Helens? Remember the summer following the eruption?

The ash blanketed the area, blocking the sun. It was a COLD SUMMER. What did the falling ash do to the CROPS?

**What do you think happens...  
TO FOOD SUPPLIES AROUND THE GLOBE...  
if MULTIPLE VOLCANOES ERUPT...  
ALL AT ONCE?**

**Once the SUN is blocked, what happens to CROPS?  
Have you looked in stores lately?  
How much of our food comes from  
crops...OVERSEAS?**

**What happens when the crops FAIL?  
How do people get FOOD?  
What happens when the shelves are EMPTY?**

**People without work who are already angry...  
GET HUNGRY and DESPERATE!!**

**This is a sure-fire recipe for riots.**

Put this together with reports on Martial Law, JADE HELM, riots...and you can see how easy it will be to manipulate the people into a FEMA camp for FOOD. If you are starving, would you choose re-education?

The reports that are in about the economy shows the economic numbers are an utter FRAUD. You can spin the unemployment numbers all you want, but once retail sales hit bottom...Houston, we have a problem.

Most Americans say they will NEVER fall victim to a new oppressive government.

They will never give up their Rights and Freedoms.

They will use their guns and DEFEND their families, their land, their rights.

**Does this scenario remind you of the movie, RED  
DAWN?**

***It SHOULD!***

**Remember: The characters kept having a problem with HUNGER?  
and with COLD?  
Or did you Forget?  
You just can't eat Bullets.**

**When you add hunger to the equation,  
along with all the other issues...  
*people will do almost anything to SURVIVE.***

The seeds for America to dissolve into a union, governed by the United Nations have been sown. The real question is: Will you take the BAIT? or will you PREPARE?

Do you have FOOD? WATER? PROTECTION? An Emergency PLAN?

What will YOU do when the lights go out?

I want to thank Donald Trump for waking the Sleeping Giant, for giving the Silent Majority its voice back again!

Trump is proving there are more of us, than of them. The confused media cannot understand that there are more un-hyphenated Americans who just CARE about America, and want to make sure their children have the same opportunities they had.

Trump supporters are from all parties, all walks of life - who are disgusted with the political elite...who think they have the right to steal our great country. Trump has awakened American Pride in Americans. There are more Americans who want to make America Great Again - than want to be ruled by the United Nations and become Global Citizens.

Americans understand that once we close our border, control illegal and legal immigration, strengthen our military for our national security, and strengthen our economy, AMERICA WILL THRIVE.

Once Americans are working and are successful, the focus becomes on finding good solutions for the other issues. Most realize that solving the economic problems means stopping overspending, which eliminates most abusive government agencies, as well as defunding criminal organizations. Let's get the main issues, Immigration/Borders, Economy, National Security - done first.

Will you take a stand? Will you get involved? The people of Brazil had enough.

WHAT ABOUT YOU? Have you HAD ENOUGH??
